## YOUR ITALIAN COURSE AND EXCURSIONS

Whether you are taking your first steps in Italian, want to push your language skills to the next level or are determined to become a modern edition of Dante, we have the course for you.

We provide six different Italian language courses for all levels from beginner to advanced (A1 – C2), as well as exam preparation for the prestigious CELI and CILS certificates, following the standards laid down by the Common European Framework. Our method focuses on communication; learning to understand and make yourself understood in real contexts, while our small groups ensure plenty of individual attention. You will use authentic materials in class under the expert guidance of a fully-qualified native speaker. We focus on all four skills, speaking, listening, reading and writing as well as building your knowledge of grammatical structures and vocabulary. Viterbo is the ideal place to put your new-found skills to the test and your teacher will take you out and about round the market place, cafes and shops to try the new language and enjoy spending time with the locals. Beginners are welcome and no previous knowledge is required.

Courses run Monday to Friday in the morning for max. 4 hours per day and we also organise a full programme of excursions every afternoon.
